REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to create the micro three-dimensional structure that is instantly claimed. The prior art does not teach the step of deflecting an ion beam while releasing secondary electrons from the surface of the deposited layer in order to create a terrace. There is no suggestion in the art to grow a structure in such a manner. The art does not provide any motivation to one of ordinary skill in the art to perform such a step as the art teaches merely to deposit or anneal with an ion beam and not to release electrons and redeposit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M Kunemund whose telephone number is 703-308-1091. The examiner can normally be reached on 8 hours.
